Day Academy

Does your pet need some help on his basic manners? Let us help your pet be the perfect family member! Day academy is designed for dogs who can participate in our specialized doggy daycare and worked with ALL day long! On top of special attention and training throughout the day your pet gets a one on one 30-minute training session with the trainer. After your dog has completed his training academy package, you will receive a 30-minute meeting with the trainer to go over everything your dog has learned and how to keep up with their training at home!

If you are really lucky you already have the perfect pet! Let us make their day even more enjoyable by teaching them new fun tricks or proofing!

Ask to speak with one of our trainers Kate or Judy to discuss your pet’s unique needs and how we can make a tailor made program for them!

Day Academy packages are sold in packs of 4 and include training and daycare!

Board and Train

Board and Trains are for dogs that need basic training similar to a Day Academy. It is designed for obedience training. Basic and Advanced

Basic board and train is 14 days

Advanced board and train is 28 days

What makes us different? In a typically board and train your dog is in a kennel not a specialized doggy daycare. Your pet is worked with by multiple handlers and trainers. Your pet learns to listen to everyone and not just their trainer. Besides 2 daily formal training sessions your pet gets training all throughout the day while playing with their friends in daycare.

Pets are boarded in a climate controlled, 24 hour staffed facility where someone is always there to suit their individual needs.
